RE: Copy of Approved CM Construction Report
Ciba Site – Glens Falls, NY

Dear Ms. Stein:

At the request of Mr. Victor Valitis, I am forwarding a copy of the final "Correct Measures Implementation Construction Documentation Report" for the Ciba Site in Glens Falls, New York. The report was prepared by Brown and Caldwell. The text with Appendices on CD (in front cover) and a separate roll of sealed drawings are enclosed for your files. As requested, documents modifying the original submission, including the professional engineering (PE) Certifications and Corporate Certification, are bound in front of the report along with a letter from NYSDEC approving the report. With this submission, the Corrective Measures construction is complete.

Please let me know if you have any questions.

Very truly,

A handwritten signature in dark ink, appearing to read "Randall L. Maud".
